

# Medicate Me

Hardcore Superstar

Verse 1:

Don't go, got no charm  
Let's make it simple  
Let's drink it all  
Wan't you to be strong  
I drink from the bottle then my brothers are gone

Pre-Chorus:

Why travel in the dark?  
Just because I got a poisoned heart  
Wish I got a proper start  
Now I know I got a poisoned heart

Chorus:

Medicate me  
Wish me luck  
Medicate me  
My poisoned heart  
Intoxicate me  
Intoxicate me, alright!

Verse 2:

All fools got no brain  
When I drink pressure and shame  
None grows to be strong  
When I medicate myself there's no right from wrong

Pre-Chorus:

Why travel in the dark?  
Just because I've got a poisoned heart  
Wish I got a proper start  
Now I know I've got a poisoned heart

Chorus:

Medicate me  
Wish me luck  
Medicate me  
My poisoned heart  
Intoxicate me  
Intoxicate me, alright!

-Solo-

Medicate me  
Wish me luck  
Medicate me  
My poisoned heart  
Intoxicate me  
Intoxicate me

I travel in the dark  
I got a poisoned heart  
I travel in the dark  
I got a poisoned heart
