## Hardcore Superstar

Don't talk about moonshine  
Don't talk about white wine  
I'm gonna find lies sick twisted strange kind

Don't talk about moonshine  
Don't talk about white wine  
I'm gonna find lies sick twisted strange kind

I spit my tongue out be stupid don't say  
I say the worst things and call it on his face  
That's something wrong here I contained my worst fear  
It's soul in me

Don't talk about moonshine  
Don't talk about white wine  
I'm gonna find lies sick twisted strange kind

I can't sleep with the sunshine  
You stop our white line  
Sick twisted kind

No doubt about it got promise within my head  
Don't try to hide it that's what my girl said  
I'm on my own don't get it on  
Leave me alone  
Alone yea

Don't talk about moonshine  
Don't talk about white wine  
I'm gonna find lies sick twisted strange kind

I can't sleep with the sunshine  
You stop our white line  
Sick twisted kind
