

Remove My Brain

Hardcore Superstar

Got a name
But no brain
When my baby goes insane
Just wanna leave her to walk alone
Painful
Shameful
All I really wanna do
I want to walk all over you

Remove my brain
Make me feel free
Remove my brain
Sedate me at least
I need a miracle
Remove my brain
Please help me

Alcohol
That's all
Been sick so many times before
I'll show you all my scars
Maggotrain
Ratbrain
All I really wanna do
I want to walk all over you

I need another brain
I need a woman who will keep me calm n' sane
They need to remove my brain
Want to sedate my brain
Need to remove my brain
