

Sadistic Girls

Hardcore Superstar

You wanna know
About sadistic girls?
The way they walk,
The way they talk.
Wanna know sadistic girls
Spend some time with me.

Can't stop now,
'Cause she's got her hammer out.
Feel frightened for sure
There's no reason,
But I believe her.
She's about to explode.

Spit you in the eye,
No time to cry.
I feel tough,
Standing by her side.
She wants to break you,
She'll kick you in the ass
Like mama style.

You wanna know

The way they walk,
The way they talk.
Wanna know sadistic girls.
Spend some time with me

Can't go back now
'Cause she creeps me out,
But I love it for sure.
Don't you back down,
Bring me the action,
You better bring me some more.

Spit you in the eye,
No time to cry.
I feel tough
Standing by her side.

Like mama style.
