

## Sorry for the Shape I'm In

Hardcore Superstar

Dead eyes  
I would like to see some light  
No surprise  
My touch goes out of sight  
I have to go  
I gotta see the sun  
Can't kill what has not begun  
Trouble starts in paradise

Time changes  
Rearrange my soul  
I feel strangled  
Now I dance alone

I'm sorry for the shape I'm in  
I'm sorry but I lost it friend  
I'll never see your face again  
There's no tomorrow  
No one to follow

Scuse me  
Darkness needs no light  
I see  
Your glories out of sight  
I gotta go I have to self destruct  
No more fuel  
I'm out of luck  
Shine on in paradise
