

Split Your Lip

Hardcore Superstar

Looks like a little nice catfight,
But there's no women in sight.
A little hug from the heartless,
Surely those boys just can't fight.
Go!

A little hug from the heartless.
I'm no hero,
Just restless.
I just feel so alive,
That's why I'm always satisfied.

One way out,
Too late to lie.
I'll give you three steps,
Time to shine
For the last time
I've to told you to split
Split your lip.

Come see the beauty in my sickness.
A little violence,
You're my weakness.
When you feel horror grow inside
That's when I come alive.

One way out,
Too late to lie.
I'll give you three steps,
Time to shine
For the last time
I've to told you to split.

One way out,
Too late to lie.
I'll give you three steps,
Time to shine
For the last time
I've to told you to split.
Split your lip.
Your fucking lip.
C'mon!
Split.

Split your lip!

Your fucking lip!

Split your lip!

Your fucking lip.

One way out,
Too late to lie.
I'll give you three steps,

For the last time

I've to told you to split.

One way out,

I'll give you three steps,
Time to shine
For the last time
