

# Can't Find My Way

Hardline

Here comes that feeling burning in my heart again  
And why's it coming back, back to haunt me again  
Well I can't stand it, it hurts me blind  
Whatever I can see, you appear on my mind

Without you I can't find my way  
I can't find my way  
All those stormy nights can't wash away the pain  
I can't find my way

Here comes that feeling burning in my heart again  
Are you ever coming back, back in my arms again  
Well I can't stand it, another lonely night  
Whatever I can see, you appear on my mind

Without you I can't find my way  
I can't find my way  
All those stormy nights can't wash away the pain  
I can't find my way

Nobody told me it would be easy  
Oh life they say can't always please me  
Well I can't look back now that she's gone
