

## Do Or Die

Hardline

Everybody's thinking something  
Everybody thinks what is right is wrong  
I can't take it another minute  
I won't make it I'm tired of being strong  
See you look out from the inside

Feeling do or die  
Someone give me just a reason why we  
Do or die  
Taking cover on the streets at night  
Feeling feeling do or die

Can you save me  
Can you praise me  
Can you see me under glowing light  
I can't take it another minute  
I won't fake it I'm not strong to fight  
Can you face me from the outside

Feeling do or die  
Someone give me just a reason why we  
Do or die  
Taking cover on the streets at night  
Feeling feeling do or die
