

# The Only One

Hardline

Keeping our promises alive  
What am I supposed to do?  
Watching the shadows far behind  
Always you out of the blue

Are we strong?  
Are we strong enough to be just one?  
Don't we stop?  
Don't we stop again? We need each other

Never surrender, try to remember  
Our days of Avalon  
Telling our story, do you feel our glory?  
There's a turning back, I can't go on

You're the only one  
The only one I've ever loved  
Our sacred hearts  
Will keep our love alive and strong  
The only one  
The only one I've ever loved  
You're my sacred one  
The only one who holds my heart

Sharing our lives hand in hand  
Who am I supposed to pray?  
Living our dreams of hope and love  
Tell me what could I do  
Are we strong?  
Are we strong enough to be just one?  
Don't we know?  
Don't we know again? We need each other

Never surrender, try to remember  
Our days of Avalon  
Telling our story, do you feel our glory?  
There's a turning back, I can't go on

You're the only one  
The only one I've ever loved  
Our sacred hearts  
Will keep our love alive and strong  
The only one  
The only one I've ever loved  
You're my sacred one  
The only one who holds my heart

Don't turn your back to me, another day is passing by  
I need your love  
Oh yeah!  
Hold me in your arms  
You're the only one I ever loved

Never surrender, try to remember  
Our days of Avalon  
Telling our story, do you feel our glory?  
There's a turning back, I can't go on

You're the only one  
The only one I've ever loved  
Our sacred hearts  
Will keep our love alive and strong  
The only one  
The only one I've ever loved  
You're my sacred one  
The only one who holds my heart

You're the only one  
The only one I've ever loved  
Our sacred hearts  
Will keep our love alive and strong  
The only one  
The only one I've ever loved  
The only one...
