

Hopeless

Harem Scarem

When I think of the words
I'd say to you were around
I remember when I was running to you
Now I run away

I'm saving up my excuses
For the day that you call
What makes you think
That I'd want dinner for two
cos I've got the flu
And I've got a bad heart

You haven't changed
Your nearly hopeless
to insane
To ever want you back
There's no way
cos lovin' you is like I'm
eating broken glass
I'm sick and tired
Of all the cliches
And many words that
Just don't rhyme
What ever happened to
"I don't really love you"
Oh what a shame

I've been sneaking out
My back door cos
I'm afraid when I go out
I don't know what I will do
But I'll give you a clue
When I run into you
And I'm driving a car

You hold onto me like a shooting star
You wish you could be better than you are
