

Lovin Like 90

Harem Scarem

Well I'm through with my messing around on you
I'm telling the truth
You've heard my lies for a long long time
But I couldn't keep fooling you

Some people see what they want me to be
And it's time that I should let it show
So if you're thinking you still want me
Well I'm just about ready to blow

I'm loving like ninety
I need another ten to give you all of my love
I'm loving like ninety
I need another ten to give you all of my love

So come on and give me chance
I will prove it might worth it to you
It seems a shame just to throw it away
All the years and shit that we've been through

Time faded memories
All clouding up behind my eyes
I wait
The days go by
Don't hear from you
I nearly died
