

# Reach

## Harem Scarem

I know I gotta leave the comfort of inside my head  
Before I'm gonna be so far down that I can't find it  
The only way to be when your down is up I guess  
I'm in between the walls that I built and it's closing in

Til I can't breathe  
I can't see  
I can't feel  
If I'm real

Reach for the sun  
Yeah I'll break free and run  
And all my fears are gone  
Reach for the sun  
Yeah our road will be long  
And all my fears are gone

I'm never gonna leave the ground with tired wings of lead  
And I'm always gonna be a prisoner to all the things I've said  
I know I gotta bleed the endless wounds and the cuts I have  
Cause they're taking over me and it makes me feel like I'm living dead

Til I can't breathe  
I can't see  
I can't feel  
If I'm real

Reach for the sun  
Yeah I'll break free and run  
And all my fears are gone  
Reach for the sun  
Yeah our road will be long  
And all my fears are gone

Reach for the sun  
Yeah our road will be long  
And all our fears are gone
