

## Rise & Fall

Harem Scarem

Now forever after  
Is once upon a time  
And todays disaster  
Ain't too hard to find  
Well there's always something  
To live in fear about  
Rise and the fall  
We aim and we miss  
It's always do or die  
Rise and the fall  
Creating the myth  
We're all living a lie  
I am the one creating the myth  
We're all living a lie  
You can feed the mass  
Unforgivable lies  
And they'll still follow  
Blind leading the blind
