

Shooting Star

Harem Scarem

Defining me and you
Impossible to do

No clam seas like blowing leaves
We're searching for truth

Living everyday
Like there's no turning back
Like a shooting star I know
I'm crashing into the deep blue
Falling for you
You're all I wanna do

I fight for every move
While tied to dreams of youth

No clam seas like blowing leaves
We're searching for truth

Living everyday
Like there's no turning back
Like a shooting star I know
I'm crashing into the deep blue
Falling for you
You're all I wanna do

Living everyday
Like there's no turning back
Like a shooting star I know
I'm crashing into the deep blue
Falling for you
You're all I wanna do

Living everyday
Like there's no turning back
Like a shooting star I know
I'm crashing into the deep blue
Falling for you
You're all I wanna do

You're all I wanna do
You're all I wanna do
You're all I wanna do
You're all I wanna do
