

# Sunshine

## Harem Scarem

When I feel alone  
I need to find the energy  
That I feel when I'm with you  
Holdin' on to everything that I can reach  
That I think is part of you

Over and all the way  
My fears have won  
And I feel I'm loosin' you  
Ooo your makin me feel  
Like a day that'll never see dawn  
Then sunshine  
And I feel I can deal with the worst of it  
Yeah it's a slow ride  
And I know all that along  
In the sunshine

No reason to reveal the light if I don't see  
When I seem obsessed with you  
Reelin' in the loosin fish that I dont need  
When it seems I needed you

Over and all the way  
My fears have won  
And I feel I'm loosin' you  
Ooo your makin me feel  
Like a day that'll never see dawn  
Then sunshines  
And I feel I can deal with the worst of it  
Yeah it's a slow ride  
And I know all that along  
It's sunshine  
Ooo your makin me feel  
Then sunshines  
And I feel I can deal with the worst of it  
Yeah it's a slow ride  
And I know all that along  
It's sunshine  
And I feel I can deal with the worst of it  
Yeah it's a slow ride  
And I know all that along  
It's sunshine
