

Turn Around

Harem Scarem

I should apologize
For my new compromise
A temporary disease

Another dumb mistake
To think that you would change
Now I'm admitting defeat

Well I knew
What this would mean
But still I let myself get back into it
It's time to turn around

If you're not careful
She'll rip your heart out
And shove it in your mouth

If you're not careful
She'll rip your heart out
And shove it in your mouth

Now I took all the blame
Off my little brain
And said: "The devil made me"

Put the turpentine
In her carafe of wine
And I got a reprieve

Well I knew
What this would mean
But still I let myself get back into it
It's time to turn around

If you're not careful
She'll rip your heart out
And shove it in your mouth

If you're not careful
She'll rip your heart out
And shove it in your mouth

It's time to turn around
Time to turn around

Well I knew
What this would mean
But still I let myself get back into it
It's time to turn around

If you're not careful
She'll rip your heart out
And shove it in your mouth

If you're not careful
She'll rip your heart out
And shove it in your mouth

It's time to turn around
Time to turn around

If you're not careful
She'll rip your heart out
And shove it in your mouth

If you're not careful
She'll rip your heart out
And shove it in your mouth

It's time to turn around
Time to turn around

If you're not careful
She'll rip your heart out ...
