

# Alone

## Harmony

The choice I made here  
The stand I took for life  
it Was my own  
There's no one else to blame

Is this the way  
To forever stay alive  
This time alone  
My place I will claim

Walking dead end roads  
Oh, it sickens me  
Close to the edge  
Feed on my soul

I see what is not real  
I'm lost In what I know  
Into a void I am gone  
A sense of loss in my heart

Perceive me

I can not see  
what the future will bring  
But I hope  
I'm not over the edge

Is this the way  
To forever stay alive  
??  
to refind the true

Walking dead end roads  
Oh, it sickens me  
Close to the edge  
Feed on my soul

I see what is not real  
I'm lost In what I know  
Into a void I am gone  
A sense of loss in my heart

Perceive me

My dreams were always of this  
My heart always longing now  
I'm whole again  
By the touch of your hand

I see what is not real  
I'm lost In what I know  
Into a void I am gone  
A sense of loss in my heart

Perceive me
