

Secret of mana 'dragon song' oc remix

Harmony

It's a broken world that we live in.
Won't somebody take me away?
Won't somebody fly me away?

Won't my dragon fly me away?
Fly me away...fly...

Take me over forests, take me to the stars.
Fly me over deserts, fly me so far.
Save me from the mountains, take me to the Mana tree
Take me to meet my mother, fly me my Flammie.

Fly me away...if you ever need a friend
Fly me away...if you think all hope is gone
Fly me away...if you are ever afraid
Fly me away...this is my dragon song.
