

# When Shadows Fall

Harmony

Rain is falling  
Loading my heart with sorrow  
Shadows are calling  
Making me fear tomorrow

Crossroad after crossroad I face  
Feels like my ways are in darkness embraced  
Time after time I change my way  
Fighting myself day after day

Oh when darkness falls  
The words will lead my way like a light on my trail  
Oh when the shadows fall  
I will walk that way  
It is like a light on my path

Tears are falling  
Ancient words appear  
I hear a calling  
Open my eyes to see

The words amaze me  
Truth's revealed by the wisdom within  
Like my spirit being set free  
I hold on to this, it makes me see

Oh when darkness falls  
These words will lead my way like a light on my trail  
Oh when the shadows fall  
I will walk this way  
Cause it's the light on my path

Feels like my life has it's own predicted ways  
Seems like my time is now, not yesterday, nor tomorrow

Oh when darkness falls  
These words will lead my way like a light on my trail  
Oh when the shadows fall  
I will walk this way  
Cause it's the light on my path
