

Unconditional

Harrison Craig

And I would do anything for you
Not words, no I really mean it
Let the whole damn world declare war on me
Just for standing by your side
If you leave, you were the one way I'd survive
I'd gladly die I mean it

And I would do anything for you
Uncondition, unconditional love
And I would do anything for you
Uncondition, unconditional love

And I would do anything for you
Not words, let my actions speak it
Let the sun decide that it won't shine
Until I say that we are through
I will live my life in darkness just for you
I swear it's true, I mean it

And I would do anything for you
Uncondition, unconditional love
And I would do anything for you
I'm talking uncondition, unconditional love
Uncondition, unconditional love

I don't care about what's popular
I don't hear a word they say
What I know is that it's you and me
Until the both of us die in death

And I would do anything for you
Uncondition, unconditional love
I would do anything for you
I'm talking uncondition, unconditional love

I would do anything
I would do anything
I would do anything
Uncondition, unconditional love

I would do anything
I would do anything
I would do anything for you
Uncondition, unconditional love
