

Just Like Me

Harry Connick, Jr.

It's three o'clock in the morning
I'm wonderin what to do to save the sun
The space that I take
Is more than I can give
And Lorelei's song has just begun
I'm gonna turn my head
Time eternity
I'm gonna find somebody
Just like me
Everybody's pretty
My brother won't rest till he knows I'm home
The choices I make
Are easier supposed
As my surviving striving not to roam
I'm gonna stand my ground
Make my guarantee
I'm gonna find somebody
Just like me
The world keeps spinning
Mountains vary but the valley's the same
The confidence I feel
As I balance on the ridge
Comes from the trueness of my aim
I'm gonna walk this road
As far as I can see
I'm gonna find somebody just like me
I'm gonna find somebody just like me
