

Blow Me Down

Harry Nilsson

In the mornin' air
There's so much to bear
Blow me down

It's the wind 'n air
Tryin' its double dare to
Blow me down
Blow me down

It's no bother but
I'd rather not
That's easy to see

Wherever I go
I yam what I yam
That does it for me

Believe it or not

It's a lovely day
It's a perfect day
Blow me down

It's a lovely place
Think I'd like to stay but
Blow me down
Blow me down

It's nice and friendly here
I think I'll spend a year
Or two maybe three

I yam what I yam
Wherever I goes
I comes from the sea

Believe it or not

In the evenin' air
Lots of people there
Tryin' to blow me down

But unlike the clothes I wear
I haven't got a care, so
Blow me down
Blow me down

It's no bother but
I'd rather not
That's easy to see

Wherever I go
I yam what I yam
I comes from the sea

In the mornin' air
There's so much to bear

Blow me down

It's the wind and air
Tryin' to double dare to
Blow me down
Blow me down

It's no bother but
I'd rather not
That's easy to see

Wherever I go
I yam what I yam
That does it for me

Believe it or not
