

City Life

Harry Nilsson

Well I'm down and I'm out and I've had it to here with
the city life
Gonna grab me a plane that'll take me back home to my
folks --
Maybe real soon
Just as soon as I get a few dollars ahead well then
you'll see
Gonna show up in person instead of those letters I never
write --
How does that sound Ma?

You tell Dad I got a deal that's gonna make me a million
-- tomorrow
Yeh and it's a cinch to come through if I just hang
around for a little while --
Just temporarily...
