

# I'll Never Leave You

Harry Nilsson

Some nights I go to sleep without you  
The river's far too deep without you  
I can't make it alone, I need you by my side.

Some nights I spend alone without you  
The river's far too wide without you  
I can't make it alone, I need you by my side.

I'll never leave you alone,  
I'll never leave just a memory.  
I'll never leave you alone in the garden  
Where nothing grows.  
I love you so much baby.

I'll never leave you alone,  
I'll never leave just a memory.  
I'll never leave you alone in the garden  
Where nothing grows.  
I love you so much baby.
