

Lazy Moon

Harry Nilsson

Lazy Moon come out soon
Make my poor heart beat warmer
Light the way bright as day
For my sweet little charmer
She's to meet me in the lane tonight
If the sky is bright and clear
Oh moon don't keep me waiting here tonight
Watching and awaiting
Heart a palpitatin'
Longing for my lady love so dear
Lazy Moon, Lazy Moon
Why don't you show your face above the hill
Lazy Moon, Lazy Moon
You can make me happy if you will
When my lady sees your light a peepin'
then I know her promise she'll be keepin'
tell me whats the matter, are you sleepin'
Lazy Moon
