

## Lazy Moon

Harry Nilsson

Lazy Moon come out soon  
Make my poor heart beat warmer  
Light the way bright as day  
For my sweet little charmer  
She's to meet me in the lane tonight  
If the sky is bright and clear  
Oh moon don't keep me waiting here tonight  
Watching and awaiting  
Heart a palpitatin'  
Longing for my lady love so dear  
Lazy Moon, Lazy Moon  
Why don't you show your face above the hill  
Lazy Moon, Lazy Moon  
You can make me happy if you will  
When my lady sees your light a peepin'  
then I know her promise she'll be keepin'  
tell me whats the matter, are you sleepin'  
Lazy Moon
