

## Life Line

Harry Nilsson

Down to the bottom  
Hello, is there anybody else here?  
It's cold and I'm so lonely  
Hello, is there anybody else here?

Hello, won't you throw me down a Life Line?  
I'm so afraid of darkness  
And down here, it's just like night time

Oohs, are all around me  
Hello, will you please send down a Life Line?

Down and there isn't any hope for me  
Unless this dream which seems so real  
Is just a fantasy
