

## Little Cowboy

Harry Nilsson

Little fellow you're so tired  
You can hardly lift your head  
But you wanna hear a story  
Before you go to bed  
So if you'll be quiet  
And listen patiently  
I'll sing you a song  
That my mother sang to me

Little cowboy, put your saddle in the barn  
Tie your horse up tight, so he'll know no harm  
Put your hat and your gun  
Beside you on the chair  
Don't forget, you've got to say a little prayer  
Little cowboy, you'd better hit the sandman trail  
Or you'll be late for roundup time you know  
If you wanna be a cowboy, you'd better rest a while  
Little cowboy baby of the old corral  
Little cowboy baby of the old corral
