

# Maybe

Harry Nilsson

Maybe

Maybe you wouldn't believe it if only I'd change

Say I'm acting just like a kid

Well maybe I'm doing what I'm doing

'cause I done what I did when I was a kid

Maybe

Maybe

Maybe I'm foolin' myself more than anyone can

Maybe you've found another man

Well how can you enjoy his touch knowin' that I love you so much?

Baby

Baby

Whoa, baby

I could learn to love your mother

And your mother's sister

And if she visit other relatives, I swear I'd miss her

And every day before I go to work, I'd stop and kiss her

Maybe

Maybe

Oh, maybe

Maybe

Things would be better if only a letter would come

Happiness is easier for some

I promise I will try to please ya

Can't you see how much I need ya?

Baby

Baby if you wanna hurt me

Laugh at me, but don't desert me

Baby

Baby if you don't believe me

Laugh at me, but please don't leave me
