Take 54

Harry Nilsson

It was take 54, When she walked through the door With the red light on it I knew in a minute If I wanted to get in it Then I'd have to get on it--

I sang my balls off for you baby I worked my fingers to the bone I closed my eyes to get the high note But when I woke up I was alone--Baby, baby come back I need you to make a good track--Baby, baby come back Baby, baby come back

Well I saw her today Back in studio A We were just gettin' started--I sang for a minute, She couldn't get in it, I felt broken hearted--

I sang my balls off for you baby I almost broke the microphone I even sang the song that you wrote But when I woke up I was alone--Oh! Baby, baby, come back--I need you to make a good track Baby, baby come back Baby, baby come back

High note--But when I woke up I was alone

Baby, baby come back I need you to make a good track Baby, baby come back B-b-b-baby come back
