

# The Same Again

Hartmann

I'm sitting here wasting trying to fight this barrel haggling in  
my head  
It's not for the first time I should have known, should have known

Forever and ever will still true your words still echo in my ears  
I was a fool to trust in you... in you

I had learn the warning I saw the sings but look too away  
How could I be so depth dumb and blind

It's the same and the same and the same again  
I'm drowning in my tears again  
But I knew... I knew  
And the things I hear will never change there's is no chance to  
hear again  
But I knew... I knew... I knew

I'm so sick and tired listen to you cause ever truth still a lie  
And didn't I hear this all before... all before

I'm running in circles each steps run closing to the end  
I don't know why I just can't let go

It's the same and the same and the same again  
I'm drowning in my tears again  
But I knew... I knew  
And the things I hear will never change there's nothing we could  
hear to raise  
But I knew... I knew... yes I knew

It's the same and the same and the same again I'm drowning in my  
tears again  
Yes I do... I do  
And the things I hear will never change there's nothing we could  
hear to raise  
But I knew... I knew

It's the same and the same and the same again  
It's the same and the same and the same again
