

# Labyrinth

Haste the Day

We are unfortunately ever so self-destructive  
We live inside this labyrinth  
Waiting to go home  
Labyrinth oh labyrinth  
Your worst is what we'd might expect from you  
And in your twisted walls you sing out of tune  
"Come in"  
Labyrinth oh labyrinth  
Your most is what we'd not expect from you  
And in your tired walls you sing out of tune  
"Come in make your self at home"  
'Cause you wont be leaving soon.  
All your friends are dead and gone  
And you've got nothing to lose."
