

The Last Goodbye

Haste the Day

This is the last of all the last times (2x)
My dear, no more (3x)
Where's the comfort?, where's the end?

This is the last time
This is the last goodbye
You say that you're not sure
But I think you feel the same
Over and over we try to work this out
All this time all I wanted was you
All I want is you
