

## The Last Goodbye

Haste the Day

This is the last of all the last times (2x)  
My dear, no more (3x)  
Where's the comfort?, where's the end?

This is the last time  
This is the last goodbye  
You say that you're not sure  
But I think you feel the same  
Over and over we try to work this out  
All this time all I wanted was you  
All I want is you
