

all you believers  
all you deceivers  
witness a new force  
spawned from hate  
bloody inquisitions  
murderous crusades  
my name is all that's holy  
slay all heresy

truth is that you are lost  
like your savior on the cross  
the first shall be the last  
for I am the iconoclast

get back on your knees  
pick up your self-esteem  
the time is right for your ritual  
kill  
bleed and bleed  
until you're bled out  
your sacrilege will be  
settled here and now

my rage is fierce  
my mind is steadfast  
bow before me  
for I am the iconoclast

torch your relics  
torch your scriptures  
light the hellish flames  
to burn your pretty pictures

my rage is fierce  
my mind is steadfast  
bow before me  
for I am the iconoclast
