

# Whatever We Want

Havana Brown

We so high, we can't come down  
The world can't touch us now  
We're runnin' wild, we're making out  
The world can't touch us now

We can do whatever we want, yeah, yeah  
We can do whatever we want, yeah, yeah  
We can do whatever we want, yeah, yeah  
We can do what-what...whatever we want

I like you inside out  
Let's go sell riffa now  
We could go all night long  
Go hard, or you go home

We walkin' on the wild  
Bite down like crocodile  
We could go all night long  
Go hard, or you go home

We so high, we can't come down  
The world can't touch us now  
We're runnin' wild, we're making out  
The world can't touch us now

We can do whatever we want, yeah, yeah  
We can do whatever we want, yeah, yeah  
We can do whatever we want, yeah, yeah  
We can do what-what...whatever we want  
Whatever we want  
Whatever we want

I like you inside out  
Let's go sell riffa now  
We could go all night long  
Go hard, or you go home

We walkin' on the wild  
Bite down like crocodile  
We could go all night long  
Go hard, or you go home

I wanna live my life straight outta the box  
And throw away the key, breakin' all of the locks  
I'm gonna jump right into whatever I want  
Yeah whatever I want to, whatever we want

We so high, we can't come down  
The world can't touch us now  
We're runnin' wild, we're making out  
The world can't touch us now

We can do whatever we want, yeah, yeah  
We can do whatever we want, yeah, yeah  
We can do whatever we want, yeah, yeah  
We can do what-what...whatever we want  
Whatever we want

Whatever we want  
Whatever we want  
Whatever we want

I wanna live my life straight outta the box  
And throw away the key, breakin' all of the locks  
I'm gonna jump right into whatever I want  
Yeah whatever I want to, whatever we want
