

Cigarettes And Old Perfume

Have Mercy

Cigarettes and old perfume
The long nights I spent in your room
I'm simply calling cause we're okay
I think it's better off this way
Without you

It's like you never found your way
Your way back home
I could name off the things you lack
But I want you back

Tell me you've been thinking of me
Tell me you've been thinking of me

Cigarettes and old perfume
The long nights I spent in your room
I'm simply calling cause we're okay
I think it's better off this way
Without you

It's like you never found your way
Your way back home
I could name off the things you lack
But I want you back

Tell me you've been thinking of me
Your words were hard to beat
Ten words and seven sheets
Tell me, are you thinking of me?

Are you thinking of me?
Are you thinking of me?
Are you thinking of me?
