

Give Me Liberty... Or Give Me Death

Havok

Cut the rotting branches of Government that stop the people from having meaning today

Stay out of my business and keep to yourself

Got to do things my own way

Minimizing freedom with your rules and regulations

A never-ending hunger to control

Choking out the life of your own population

Abusing the power you hold

Power

Control

For the Power

Control

Give me Liberty... or Give me Death

Give me Liberty... or Give me Death to our Independence

Death to those who fight

Death to our Constitution and the Bill of Rights

Showing no regard for the way things ought to be

Stripping away rights from you and me

The Founding Fathers would be rolling in their graves

If they could see what you are doing to this place

The next thing to go is our Freedom of Speech

So i'll speak up while i still can and maximize my reach

Give me Liberty... or Give me Death

Give me Liberty... or Give me Death

I find it hard to believe

Some things are better left unsaid

Is this the land of the free?

Democracy is Dead

Cut the rotting branches of Government that stop the people from having meaning today

Stay out of my business and keep to yourself

Got to do things my own way

Minimizing freedom with your rules and regulations

A never-ending hunger to control

Choking out the life of your own population

Abusing the power you hold
