

## Upside Down

Hawkwind

When I stand upside down  
Can't get a thing together and I don't know why  
Oh dear you look so good  
Don't you think it's heaven like you knew you would

Oh dear what shall I do  
(?????????????) reason and it's up to you  
I stand upside down  
Can't get a thing together and I don't know why

You know you look so fine  
Can't get a thing together and I don't know why  
I stand upside down  
Can't get a thing together and I don't know why

Oh dear what shall I do?  
(?????????????) reason and it's up to you  
I stand upside down  
Can't get a thing together and I don't know why
