You Shouldn't Do That

Hawkwind

You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that

You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that

You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that

You try so hard to get somewhere They put you down and cut your hair They're saying you're no good, they just don't care You're trying to fly

You get nowhere, you get nowhere You get nowhere, you get no air You get no air, you get no air You're getting aware, you're getting aware You're getting aware, you get nowhere You get no air, you're getting aware

You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that

You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that You shouldn't do that, should do that

You want so hard to get somewhere With trees and flowers growing there If you can't make it you're going spare You're trying to fly, you get nowhere You get nowhere, you get nowhere

You get no air, you get no air You get no air, you're getting aware You're getting aware, you're getting aware You get nowhere, you get no air You're getting aware
