La La La La, La La, La La La La La Six AM Radio Playin' Stumble out of bed Runnin' out the door A brand new day Never thought I'd have this feeling Never thought I'd get this far But I'm okay And I fly I reach out my hands and touch the sky That's right in front of me And I try Just let go, relax, enjoy the ride And I feel free When I fly When I fly Thinkin' back When there were days I could barely make it out the door So much doubt Changed my mind Change my ways Wasn't gonna do this anymore I turned around And I fly I reach out my hands and touch the sky That's right in front of me And I try Just let go, relax, enjoy the ride And I feel free Like a butterfly Who lost his soul I choose not to hide Anymore Fly Oh oh oh Fly And I fly I close my eyes and kiss the sky That's right in front of me And I try Just let back, relax, enjoy the ride And I feel free And I fly I reach out my hands and touch the sky
