

Used

Hayden Panettiere

You come walking 'round here
Acting like we're something
Then you up and disappear
And make it real clear
That we're nothing

I've been used
Damaged by you

Oh, I've been used, now I'm crying
By you, now I'm dying
'Cause I've been used
Guess I knew
'Cause that's what you do

Well, if love was just a crime
You would never do the time
Now, would ya
Could you love somebody else
The way you love yourself
If it suits ya

I've been used
Damaged by you

Oh, I've been used, now I'm crying
By you, now I'm dying
'Cause I've been used
Guess I knew
'Cause that's what you do

Well, I gave you what you asked
You gave me nothing back
Now did ya
Oh, it's like I was your drug
'Till the fix wasn't enough for you

Oh, I've been used
Damn you

'Cause I've been used, now I'm crying
By you, now I'm dying
'Cause I've been used
Guess I knew
'Cause that's what you do

That's what you do
Oh, I've been used
