

Wrong Song

Hayden Panettiere

If you think you're gonna hear how much I miss ya
If you're needin' to feel better 'bout yourself
If you're wantin' to hear me say I forgive you
Cause the tequila turned you into someone else

If you're looking for one more chance
A little stand by your man
You got the wrong song
Coming through your speakers
This one's about the liar and the cheater
Didn't know what he had 'til it was gone
You got the wrong girl
'Cause I got your number
Don't know what kind of spell you think I'm under
This ain't a feel good everything's fine sing-along
You got the wrong song

Tell me boy was she worth every minute
I hope you had the time of your life
You made your bed, now go lie in it
All I got to say to you is goodbye

How'd you think I'd react
Saying baby come back

You got the wrong song
Coming through your speakers
This one's about the liar and the cheater
Didn't know what he had 'til it was gone
You got the wrong girl
'Cause I got your number
Don't know what kind of spell you think I'm under
This ain't a feel good everything's fine sing-along
You got the wrong song

Everybody makes mistakes
We can work it out
Wouldn't it be nice if that's what I'm singing now

But you got the wrong song
Coming through your speakers
This one's about the liar and the cheater
Didn't know what he had 'til it was gone, gone, gone
You got the wrong girl
'Cause I got your number
Don't know what kind of spell you think I'm under
This ain't a feel good everything's fine sing-along
You got the wrong song
You got the wrong song
You got the wrong song
