

## Between Us To Hold

Hayden

I taught you to play guitar last night  
We've been sick for a days and were stuck inside  
And I held your arms you hit the strings  
I pressed your fingers down  
And started to sing

The heater was shaking  
Cause the city was cold  
And my favourite guitar was between us to hold  
And I held your arm as you hit the strings  
I pressed your fingers down  
And started to sing  
Sing
