

# Looking For You In Me

Hayden

Why do I feel this way  
Years are becoming days  
And why was I so surprised  
I opened my eyes to see  
Summer for you and me  
Wasn't going to be  
I thought you were what I needed  
To break out of how I was feeling  
But I never saw

You are beautiful  
And your eyes are  
Your face doesn't need  
Still want to heard it said  
Tell me all your wrongs  
Just so I'd know all along that you would be that way  
To be that way  
To be that way

Why did it end that way?  
Hours into wasted days  
And was I so surprised  
Guess its all for the best  
I only wanted sex and I think that you knew  
It was in my eyes to see I was looking for you in me  
And I was lost
