

## Tragedy

Hayden

Broken bottle won't hurt me  
Nothing worse than I have dreamed  
Gunshot in my chest you'll leave  
I can take that you will see  
Late at night is when I dream  
Horrible things are what I see  
Hard for me to believe  
I wake up and I want free  
Car crash highway tragedy  
Nothing worse than I have dreamed  
Loss of my best friend I grieve  
I can take that you will see  
Late at night is when I dream  
Horrible things are what I see  
Hard for me to believe  
I wake up and I want free
