

## Grand Parade

Hayes Carll

Another Sunday on the corner of the neighborhood  
Leavin' worries right where they lie  
I'm just peeling off the labels and a ' feeling good  
Watchin' all this life go by

There's music for the window of the record store  
Kids runnin' wild in the heat  
Couldn't get much better with my life and the weather  
Till I saw you walkin' down the street

Now girl, you got me thinking 'bout you and 'bout me  
So many things I'd like to say  
Like, girl I want to get 'cha  
Wanna get my picture with ya so that everybody around can see u  
s  
Livin' in this grand parade

Another Sunday on the corner in the neighborhood  
Not a single cloud in the sky  
I'm just jokin' with the fellas feeling good  
Watchin' all this life go by

I thought I knew pretty from the magazines  
And the girls I used to meet on the town  
But you got me burnin' numbers and pickin' out rings  
You're better looking than my buddies hands down

Now girl, you got me thinking 'about you and 'bout me  
So many things I'd like to say  
Like, girl I just can't hide it  
You're gettin' me excited  
Thinkin' 'bout all of the things we can see  
Livin' in this grand parade

Just another Sunday in the neighborhood  
I got you sittin' right by my side  
We're just laughing with our friends and a ' feelin' good  
Watchin' all this life go by
