

# Who Painted The Moon Black

Hayley Westenra

Did you see the shiny moon?  
Turned into a black balloon  
Just as you walked away from me

Did you see how hard I've tried?  
Not to show the pain inside  
Just as you walked away from me

Who painted the moon black?  
Just when you passed your love back  
Who painted the moon black?  
Oh won't you, won't you come back?

It must have been the darkest night  
Not even a star in sight  
Just as you walked away from me, now

Who painted the moon black?  
Just when you passed your love back  
Who painted the moon black?  
Oh won't you, won't you come back?

Who painted the moon black?  
Just when you passed your love back  
Who painted the moon black?  
Oh won't you, won't you come back?  
Who painted the moon?

Da da da...

Did you see the shiny moon?  
Turned into a black balloon  
Just as you walked away from me
