

Beauty and pain is my remembrance at the end of my own  
bloodshedding - you forced me to see the bottom of the  
bottomless cup of bitterness

chorus:

far far far from me you fall to the deep - from your eyes fall  
the  
tears and i face my fate with pride  
you'll be a toy in the hands of fate - it'll be my joy - finally  
you  
paid - don't you deny

beauty and pain is my remembrance at the end of my own  
bloodshedding

chorus:

far far far from me you fall to the deep - from your eyes fall  
the  
tears and i face my fate with pride  
you'll be a toy in the hands of fate - it'll be my joy - finally  
you  
paid - don't you deny
