

# Jewelz Of Concrete

hazydecay

entering my bedroom that i keep open for the ladies of the night -  
shining bright - full of passion open wide - with all the faces  
-  
warm embraces leading in confusion in my head - who are you?  
who is she? let's explode in ecstasy

bridge:

make the sound of all sounds - the future supposez we are  
the next - move to move screaming aloud - hold on it's on the  
party's turning on

chorus:

don't you stop till there is one - the perfect orgy under the sun -  
love when you wear golden underwear - holding my jewelz

tear it apart let me start to admire the womb of desire - i'm a  
devourer hour to rise up with you higher - i stare at you  
when you do the motion of the world - oh what a show ain't it slow  
- tomorrow is too late

bridge:

make the sound of all sounds - the future supposez we are  
the next - move to move screaming aloud - hold on it's on the  
party's turning on

chorus:

don't you stop till there is one - the perfect orgy under the sun -  
love when you wear golden underwear - holding my jewelz

from blonds to brunettes - wet from what i get - from juices to  
sweat - from the party to my bed - make the sound of all sounds  
-  
the future knowz we are the next - move to move screaming aloud  
NOW WE'RE SCREAMING ALOUD TURNING ON

chorus:

don't you stop till there is one - the perfect orgy under the sun -  
love when you wear golden underwear - holding my jewelz
